- 21 The dawn of Colour. As a new exhibition opens, Colin Harding discusses the Autochrome process
- 29 Zeiss Ikon exposure measurement systems. Bernd K. Otto considers how much meters mattered
- 33 Kodak's Retinettes. Ian Baxter introduces the junior members of the Retina family

No. 122

- 06 Historic photographic laboratory found after more than 150 years.No author
- 07 The Reflex Korelle story. Frank L. Porritt explores, in depth, some of the myths and mysteries of these cameras
- 20 The gold photographs of Mizuno Hanbeh. John Marriage, Mabuchi Isamu and Mike Ware publish, for the first time, their extensive research on this little-known process
- 39 Great photographic journeys. John Hannavy follows in the footsteps of famous photographers
- 44 The Bertram BCI Press Camera. G.P. Lowry looks at a model that was reputed to be 'truly a camera for everybody'
- 46 Photographica in the Stereoscope. Graham Wood looks into stereoviews with photographic content

No. 123

- 08 Blair Baby Hawk-eye. Ralph London reveals the secrets of this rarity from the 1890s.
- 15 Dating Sanderson Cameras. Cliff Bulcock with more thoughts on this iconic British camera.
- 21 Wrayflex revisited. John Wade sheds new light on the origins of England's only serious attempt at a 35mm SLR.
- 32 The useful and elegant process. Ron Callender sets out in search of the oldest British darkroom.
- 34 Goertz Photo-Stereo-Binocle. Camera, binoculars or opera glasse? Bernd K Otto investigates.
- 38 Laird Goldsborough's Tropical Soho Reflex. Fred Friedman looks into the dubious history of the former owner of this camera.
- 40 Any old iron? Bob White gets his magnet out and discovers iron everywhere in his old photo gear.

No. 124

- 06 The Tessina Story. First part of a major new series by Peter Barz, Jost Simon and Rolf Häfliger.
- 19 John Claude White, Photographer of the Himalayas, by Luc Verkoren.
- 23 Front shutter single lens reflex cameras. *Bob White* looks into pre-war examples of this breed of SLR.
- 28 Shipping in the stereoscope. Graham Wood looks into his stereoscope and sees some ships.
- 31 Large format in a small size. Rob Niederman examines the world of Kinnear cameras.
- 36 Gemany versus Japan. Peter Duncan makes a comparison of post war Sonnar and Nikkor lenses.
- 40 Cartomania. Posing chairs in the Victorian studio – Ron Cosens takes a seat.

No. 125

- 03 A triple-lens double camera. Eaton Lothrop discovers a bit of a rarity.
- 06 Two Ansco motorised film cameras. G.P. Lowery looks into built-in motor drives from the 1920s.
- 09 The Miller Cine Company. Britain's cine camera legacy is examined by John Lewis.
- 16 Charles Howell – photographer of pleasure
- 20 Thomas Scaife, the Pistolgraph and Queen Victoria. Did Mr. Scaife really try to shoot the Queen with his pistol-like camera? Philip Jackson investigates.
- 22 Not just an old-fashioned photographic dealer. John Coathup goes back to his childhood and remembers the Aptus.
- 30 Travels with a Samoca 35. Tomothy Campbell takes a trip with a Japanese classic.
- 32 The Gem and the Carte-de-Visite tintype. Marcel Safier looks at an early type of beach Photography.
- 38 Do-it-yourself soft focus. Sharpness isn't everything says Paul Gates.

No. 126

- 03 Eaton S. Lothrop. Tributes to one of the world's greatest camera collectors.
- 05 A Russian treasury. Gerard van Beukering discovers a colour photogtapher from 1910.
- 12 The Tessina story. Peter Barz, Jost Simon and Rolf Häfliger present part two of their series, dealing with technology, development and prototypes.
- 27 The Krügener Book-Camera. Bernd K. Otto describes a book-camera first marketed in 1888.
- 34 The Alfa. Stefan Sztromajer looks at the colorful world of this Polish camera.
- 36 Photographic trade catalogues in Britain. Photo historian Michael Pritchard looks at catalogues that go back almost to the start of photography.

No. 127

- 06 The Tessina story part 3. Continuing the series with the range and variety of cameras, examined by Peter Barz, Jost Simon and Rolf Häflinger.
- 16 The Kodak Motomatic. Frank Porritt meets a rare visitor from America.
- 19 Mr J.R. Blencowe's camera. Cliff Bulcock seeks out an unusual camera from New Zealand.
- 21 The ghost in the stereoscope. Graham Wood goes in search of a popular comic effect in stereoviews.
- 24 The Krakow Museum of Photography. Timothy Cambell visits a Polish museum.
- 25 Metal developing tanks. Geoff Preece explains how he so interested in what some might call a mundane item
- 36 Not the tin-type, but... Ron Callender encounters an unusual street photographer in Peru.
- 37 An Anglo-French twin lens reflex. John Marriage restores an ancient TLR.
- 42 The Topcon RE Super. John Wade investigates a landmark camera of the 1060s.

No. 128

- 05 The intriguing Iloca. Ian Baxter looks at a post World War Two German economic miracle
- 16 The Zeiss Biogon 21mm f/4.5. Peter Duncan considers an innovative landmark lens
- 21 From lead to gold. Making a Pinhole Panorama with Martin Magid
- 26 The Tessina story. Part 4: Accessories, by Peter Barz, Jost Simon and Rolf Häflinger
- 35 Underground photography. R.M. Callender looks at 19th century eye-witness accounts
- 39 Underwater cameras. Timothy Campbell takes a dip into a strange world

No. 129

- 06 The Ihagee Exa 500. G.P. Lowery contemplates an ideal choice for the aspiring amateur mechanic
- 10 British Stand Cameras from the 1880s. Robert Tooley undertakes a detailed illustrated review of materials, designs and construction
- 21 Colouring, spotting and retouching. Bob White starts a three part series, beginning with colouring
